About the Cover Artist

MAGGIE

Maggie is 7 years old and in first grade. For her greeting card, "Little Monster Toy Shop," Maggie included one of her favorite creations—her signature monster! Maggie loves playing soccer, flag football, and building LEGO creations with her older brother, John. With her family, she enjoys shooting baskets, doing puzzles, and reading together.

Maggie is hard of hearing and has scoliosis, but neither one stops her from doing the things she loves. Maggie hopes her art brings a little bit of fun and imagination to everyone who sees it!
